PROFESSIONAL SUMMARY

Digital marketing professional with hands-on experience across technical, on-page and off-page SEO, AI search optimization (AEO/GEO), WordPress development and marketing analytics for B2B technology websites. Runs site audits and competitor research with Semrush, Ahrefs and Ubersuggest, implements schema markup, and builds conversion-focused product, solution and case-study pages. Manages social media calendars, email newsletters, Google Business Profile listings and CRM workflows, and tracks performance in GA4, Search Console, Google Tag Manager and Power BI to connect organic visibility with leads.

CRM, Design & AI	Zoho CRM • Canva • Video Editing • ChatGPT • Claude • OpenAI Codex

PROFESSIONAL EXPERIENCE

Digital Marketing Executive

HireScoreAI — **Remote | Jul 2025 – Mar 2026**

- Developed and maintained WordPress product, solution and case-study pages using HTML, CSS, JavaScript and custom PHP templates; fixed responsiveness and front-end issues across devices.
- Executed technical and on-page SEO — keyword and search-intent research, metadata, internal linking, indexing reviews and content optimization.
- Ran site audits, competitor and backlink analysis using Semrush, Ahrefs and Ubersuggest; turned findings into prioritized fix lists for technical and content issues.
- Implemented schema markup (JSON-LD) and structured content with clear answers and FAQ sections to improve visibility in AI-driven search (AEO/GEO) and rich results.
- Planned and scheduled social media posts through a content calendar, and created and sent email newsletters to support B2B campaigns.
- Supported B2B digital campaigns and Zoho CRM email workflows; aligned landing pages and conversion tracking with lead-generation goals.

- Managed staging-to-production releases using Git/GitHub, performed cross-device QA and incorporated stakeholder feedback before go-live.
- Maintained website security and performance using Cloudflare, DNS/SSL, Wordfence, WP Rocket caching and technical troubleshooting.
- Analyzed traffic, CTR, conversions and campaign performance in GA4, Search Console, Excel and Power BI; improved reporting efficiency by 30% through streamlined reporting workflows.
- Used AI tools (ChatGPT, Claude, OpenAI Codex, Canva) to speed up website updates, debugging, creatives and content production.

Search Engine Optimization Executive
MediaSearchGroup — Hybrid | Nov 2024 – May 2025

- Conducted keyword research and analysis to identify target keywords and improve search engine rankings.
- Optimized meta titles, meta descriptions, headings, URLs and internal linking across website pages.
- Supported off-page SEO through backlink building, business listings, directory submissions and guest posting.
- Created and updated Google Business Profile and other local business listings to keep business information accurate and consistent.

EDUCATION

Bachelor of Technology (B.Tech), Information Technology
ABES Engineering College, Ghaziabad — 2020 – 2024
